BOATING RULES & REGULATIONS

The Sheriff's Department has a Navigational unit and boat patrol to assist the cottages on the lakes in the event of an emergency and also to provide protection and safety for the people using the lakes.

In the event that you have an emergency on Lamoka or Waneta Lake, please dial 535-6642 which is the central emergency number. By dialing this number the Sheriff's Department can dispatch fire apparatus, ambulances or police to the scene of any emergency.

REGISTRATION LAW

New York State law requires that the owner(s) of every mechanically propelled vessel (except documented vessels) operated on the navigable waters of the state, or on any other waters within the boundaries of the state (except those waters which are privately owned and not used by the public) shall be registered and numbered. No person may operate or give permission for the operation of any motor driven vessel on state waters unless it is registered and numbered in accordance with the law. The registration certificate must be on board whenever the vessel is in operation and must be available at all times for inspection. There are no size or horsepower limitations. Sailboats, which use auxiliary power, either inboard or outboard, must also be registered.

RULES OF THE ROAD

Signals

- One blast means "I am directing my course to starboard (right)" except in crossing situations when it signifies the intention of the vessel to starboard to hold course and speed.
- Two blasts mean "I am directing my course to port (left)".
- Three blasts mean "My engines are going full speed astern".
- DANGER SIGNAL - Several (not less than five) short and rapid blasts.

Reduced Visibility Signals

In fog or other types of reduced visibility, travel at reduced speed and sound one prolonged blast of whistle every minute. When towing in reduced visibility, sound one prolonged and two short blasts every minute. When anchored in fog, ring bell or sound other warning signal for at least five seconds each minute.

Crossing Situations

The boat to starboard (right side) has the right of way and must hold course and speed. The burdened vessel shall keep clear and pass astern of the privileged vessel.

Meeting Situations

A - In meeting head-on both vessels shall turn to starboard (right) and pass port to port. The signal in this situation is one blast on the whistle indicated by either boat and answered by the other craft.

B - When vessels are already far enough to starboard (right) of each other as not to be considered meeting head-on either boat shall initiate a two blast signal which shall be answered by the other with two blasts and they shall pass starboard to starboard (no course change necessary).

Passing Situations

The vessel being overtaken has the right of way. Overtaking vessel signals with one blast of whistle for passing on starboard (right) side of the boat ahead and two blasts for passing on port (left) side of the boat ahead. If overtaken, vessel answers with like signal and other boat may pass. If overtaken vessel sounds danger signal other vessel may not pass until such time as the overtaken craft initiates appropriate passing signals.

SAILING VESSELS

Sailing craft shall have the right of way over mechanically propelled vessels except when overtaking. This rule shall not be construed as giving a sailing vessel the right to hamper in a narrow channel, the safe passage of a larger craft or mechanically propelled vessels which can navigate only inside a channel.

SPEED AND RECKLESS OPERATION

Vessels shall be operated in a careful and prudent manner at all times and at such rate of speed as not to unreasonably interfere with the free and proper use of the navigable waters of the State or unreasonably endanger any craft or person.

No vessel shall be operated within one hundred feet of the shore, a dock, pier, raft, float or anchored boat at a speed exceeding five miles per hour.

WATER SKIING

There shall be two persons the age of ten or over in a boat towing a water skier; one to operate the boat and one to observe. The operator of the boat, if age 10 to 16, must have a safety certificate to operate that boat and the observer must be 10 years old or older.

Water skiing is prohibited from sunset to one hour after sunrise on all lakes in New York State. A water skier shall not manipulate his skis in such a manner as to endanger the life or property of another person.

ACCIDENTS

The operator of a vessel involved in an accident must stop and render assistance to other persons affected by the accident as may be practical and necessary in order to prevent further injury and to minimize any danger resulting from the accident. He shall exhibit the certificate of registration of the vessel and also give his name, address and the number of his boat in writing to any person injured and to the owner of any property damaged in the accident.

Whenever any vessel, including rowboats and canoes, meets with an accident involving a loss exceeding \$100.00, the operator of the vessel must file a report with the Bureau of Law Enforcement within seven days.

In the event the person injured or the owner of property damaged in an accident cannot be located at the site, then the operator of the vessel involved shall report the accident to the nearest police agency within 24 hours.

If a boating accident involves death or disappearance of a person, the authorities must be notified immediately by the quickest means possible, followed by a written report within 48 hours.

If the operator of a vessel involved in an accident is physically incapable of filing a report, then other participants in the boat involved or the owner of the boat shall file the report in the operator's stead.

NAVIGATION LIGHTS

All motor boats must display lights at sunset until one hour after sunrise; one white light on the stern of the boat and a combination red and green on the forward part of the vessel.

Rowing boats whether under oars or sail or canoes shall have ready at hand a white light which shall be temporarily exhibited in time to prevent a collision.

AGE OF OPERATOR

No person under the age of 16 shall operate a mechanically propelled vessel on the waters of the state or on any waters within or bordering Nassau County to a distance of 1,500 feet from shore unless:

- a. The operator is accompanied therein by a person who is 16 years of age or older.
- b. The operator is 10 years of age or older and a holder of a boating safety certificate.

To obtain the boating safety certificate, youngsters must take the Younger Boater's Safety Course. Information on the course may be obtained by writing to: Marine & Recreational Vehicles, NYS Parks and Recreation, Albany, NY 12238.

SAFETY EQUIPMENT REQUIRED BY LAW

P.F.D. (Personal Flotation Device) - One for each person on board any type of boat, canoe or sailboat. NOTE: A ski belt is not a P.F.D. and cannot be used on any type of sailboat.

A horn or whistle.

An anchor of the right size and type.

A fire extinguisher.

Three hand held flares.

One throwable Type IV P.F.D. if boat is over 16'.

All children under 12 must wear a P.F.D. of appropriate size.

DEPOSIT OF REFUSE

It is unlawful to litter, drain, or deposit offensive matter into the navigable waters of the state. Violations are punishable by fine, imprisonment or both.

The sale of devices which treat, hold, or otherwise handle sewage from marine toilets which do not comply with the above requirements is prohibited in the State of New York.

BOATING WHILE INTOXICATED

Alcohol/Drugs. No persons may operate a vessel on the water of New York State while intoxicated or their ability to operate such vessel is impaired by the consumption of either alcohol or use of drugs. Recent New York State legislation now calls for heavy fines and/or imprisonment on all convictions of operating while intoxicated.

REGULATIONS OF PERSONAL WATERCRAFT AND SPECIALTY PROP-CRAFT.

Personal watercraft and specialty prop-craft: No person shall operate a personal watercraft or a specialty prop-craft unless each person riding on or towed behind such vessel is wearing an off-shore life jacket. (Type I), a near-shore life jacket. (Type II), a flotation aid. (Type III), or a hybrid device. (Type V) approved by the United States Coast Guard.

Any person operating a personal watercraft or a specialty prop-craft equipped by the manufacturer with a lanyard type engine cut-off switch shall attach such lanyard to his or her person, clothing, or personal flotation device as is appropriate for the specific vessel.

No person shall operate a personal watercraft or a specialty prop-craft at any time between the hours from one-half hour after sunset to one-half hour before sunrise.

No person shall operate a personal watercraft or a specialty prop-craft within five hundred feet of any designated bathing area, except in bodies of water where the opposing shoreline is less than five hundred feet from such designated area and in accordance with speed regulations and restrictions as provided by local law or ordinance but in no event at a speed in excess of ten miles per hour, provided, however, that nothing contained in this subdivision shall be construed to prohibit the launching of such vessel from designated launching areas or sites.

Every personal watercraft and specialty prop-craft shall at all times be operated in a reasonable and prudent manner. Maneuvers which unreasonably or unnecessarily endanger life, limb, or property, including, but not limited to, weaving through congested vessel traffic, jumping the wake of another vessel unreasonably or unnecessarily close to such other vessel or when visibility around such other vessel is obstructed, and swerving at the last possible moment to avoid collision shall constitute reckless operation of a vessel.

All other operational rules apply. If you have any questions concerning the operation of your vessel or someone else's operation of a vessel, please contact the County Sheriff's Dept.

The Navigation Division Deputies hold several Young Boater's Safety Courses for youth between 10 & 16 in the spring and summer. If you have a child that wishes to take the course, please call the Sheriff's Office and leave your name and phone number and when the course dates are announced, a Deputy will call you to get your child signed up.
