Treasurer, Lamoka Waneta Lakes' Association, P.O. Box 55, Tyrone NY 14887

THANK YOU FOR YOUR SUPPORT!

Lamoka & Waneta Lakes

Alphabetical List of Owners or Regular Occupants

Fire numbers follow names. Numbers increase going from south to north. Four digit numbers less than 4000 are on Lamoka, and greater than 4000 are on Waneta. 9000 range numbers are Steuben County. Three-digit numbers are on Lamoka Lake (Stover Road & Weller Island) and 2-digit numbers are on Waneta Lake (Canal Road & Stocum Road).

BOATING RULES & REGULATIONS

The Sheriff's Department has a navigational unit and boat patrol to assist the cottages on the lakes in the event of an emergency and also to provide protection and safety for the people using the lakes.

In the event that you have an emergency on Lamoka or Waneta Lakes, please dial the emergency numbers of the Sheriff's Department(s) listed on Page 1.

REGISTRATION LAW
New York State Law requires that the owner(s) of every mechanically propelled vessel (except documented vessels) operated on the navigable waters of the State, or on any other waters within the boundaries of the state (except those waters which are privately owned and not used by the public), shall be registered and numbered.
No person may operate, or give permission for the operation of, any motor driven vessel on state waters unless it is registered and numbered in accordance with the law. The registration certificate must be on board whenever the vessel is in operation and must be available at all times for inspection. There are no size or horsepower limitations. Sailboats, which use auxiliary power, either inboard or outboard, must also be registered.

RULES OF THE ROAD
Signals

- One blast means "I am directing my course to starboard (right)", except in crossing situations when it signifies the intention of the vessel to starboard to hold course and speed.
- Two blasts means "I am directing my course to port (left)".
- Three blasts means "My engines are going full speed astern (reverse)".
- DANGER SIGNAL – Several (not less than five) short and rapid blasts.

Reduced Visibility Signals
In fog or other types of reduced visibility, travel at reduced speed and sound one prolonged blast of whistle every minute. When towing in reduced visibility, sound one prolonged and two short blasts every minute. When anchored in fog, ring bell or sound other warning signal for at least five seconds each minute.

Crossing Situations
The boat to starboard (right side) has the right-of-way and must hold course and speed. The burdened vessel shall keep clear and pass astern (back) of the privileged vessel.

Meeting Situations
A – In meeting head-on, both vessels shall turn to starboard (right) and pass port-to-port. The signal in this situation is one blast on the whistle indicated by either boat and answered by the other craft.
B – When vessels are already far enough to starboard, (right of each other as not to be considered meeting head-on), either boat shall initiate a two-blast signal which shall be answered by the other with two blasts and they shall pass starboard to starboard (no course change necessary).

Passing Situations
The vessel being overtaken has the right-of-way. Overtaking vessel signals with one blast of whistle for passing on starboard (right) side of the boat ahead and two blasts for passing on port (left) side of the boat ahead. If overtaken, vessel answers with like signal and other boat may pass. If overtaken vessel sounds danger signal, other vessel may not pass until such time as the overtaken craft initiates appropriate passing signals.

SAILING VESSELS
Sailing craft shall have the right-of-way over mechanically propelled vessels except when overtaking. This rule shall not be construed as giving a sailing vessel the right to hamper, in a narrow channel, the safe passage of a larger craft or mechanically propelled vessel which can navigate only inside a channel.

SPEED AND RECKLESS OPERATION
Vessels shall be operated in a careful and prudent manner at all times and at such rate of speed as not to unreasonably interfere with the free and proper use of the navigable waters of the State or unreasonably endanger any craft or person.

NO VESSEL SHALL BE OPERATED WITHIN ONE HUNDRED (100) FEET OF THE SHORE, A DOCK, A PIER, A RAFT, A FLOAT, OR AN ANCHORED BOAT AT A SPEED EXCEEDING FIVE (5) MILES PER HOUR. (SEE ALSO LAMOKA & WANETA SPECIAL REGULATIONS.)

WATER SKIING
There shall be two (2) persons the age of ten or over in a boat towing a water skier – one to operate the boat and one to observe. The operator of the boat, if age 10 to 16, must have a safety certificate to operate the boat and the observer must be 10 years old or older. Water skiing is prohibited from sunset to one hour after sunrise on ALL lakes in New York State. A water skier shall not manipulate his skis in such a manner as to endanger the life or property of another person.

ACCIDENTS
The operator of a vessel involved in an accident must stop and render assistance to other persons affected by the accident as may be practical and necessary in order to prevent further injury and to minimize any danger resulting from the accident. He shall exhibit the certificate of registration for the vessel and also give his name, address, and the number of his boat, in writing, to any person injured and to the owner of any property damaged in the accident.

Whenever any vessel, including rowboats and canoes, meets with an accident involving a loss exceeding $100.00, the operator of the vessel must file a report with the Bureau of Law Enforcement within seven (7) days.
In the event the injured person, or the owner of the property

damaged in the accident, cannot be located at the site, then the operator of the vessel involved shall report the accident to the nearest police agency within 24 hours.

If a boating accident involves injury, death, or disappearance of a person, the authorities must be notified immediately by the quickest means possible, followed by a written report within 48 hours.

If the operator of the vessel involved in an accident is physically incapable of filing a report, then the other participants in the boat involved, or the owner of the boat, shall file the report in the operator's stead.

NAVIGATION LIGHTS
All motor boats must display lights at sunset through one hour after sunrise; one white light on the stern of the boat and a combination red and green light on the bow of the vessel. Rowing boats, whether under oars or sail, or canoes, shall have ready at hand a white light which shall be temporarily exhibited in time to prevent a collision.

AGE OF LEGAL BOAT OPERATION
In order to operate a boat in NYS without adult supervision, individuals must be at least 18 years of age or have successfully completed a safe boating course and be between the ages of 10 and 18. Individuals less than 18 years of age who have not successfully completed a boating safety course may only operate a vessel while under the direct supervision of an individual who is 18 years of age or older. The required boating safety certificate must be carried at all times while operating the boat. See also educational requirements for personal watercraft operation.

SAFETY EQUIPMENT REQUIRED BY LAW
P.F.D. (Personal Flotation Device) – One for each person on board any type of boat, paddle boat, canoe, kayak, or sailboat. NOTE: A ski belt is not a P.F.D. and cannot be used on any type of sailboat. Motor boats require:

- A horn or whistle,
- An anchor of the correct size and type,
- A fire extinguisher,
- Three (3) hand-held flares,
- One (1) throwable Type IV P.F.D., and,
- Visual distress flag (if boat is over 18 feet).

ALL CHILDREN UNDER 12 <u>MUST WEAR A TYPE I OR TYPE II</u> P.F.D. OF APPROPRIATE SIZE.

Some safety equipment varies with the size and type of boat. For further information on rules and regulations affecting boating in New York State contact:

Bureau of Marine & Recreational Vehicles
Agency Bldg. #1, Empire State Plaza
Albany, NY 12238

DEPOSIT OF REFUSE
It is unlawful to litter, drain, or deposit offensive matter into the navigable waters of the State. Violations are punishable by fine, imprisonment, or both.

The sale of devices which treat, hold, or otherwise handle sewage from marine toilets which do not comply with the above requirements is prohibited in New York State.

BOATING WHILE INTOXICATED
No one may operate a vessel on the waters of NYS while impaired or intoxicated either through the consumption of alcohol or drugs. New York law prescribes heavy fines, imprisonment, and the suspension of operator privileges for violators. In New York, if you are stopped for the suspicion of impaired operation and refuse to voluntarily submit to a breath test, your privilege to operate may be immediately suspended, pending a hearing. Fines and penalties are now the same as driving while impaired or intoxicated.

REGULATIONS FOR PERSONAL WATERCRAFT
Mandatory Education requirements – New York requires any one operating a personal watercraft to complete an approved course in boating safety or to be accompanied, on board, by someone 18 years of age or older who is the holder of an approved boating safety certificate. Certificates are required to be carried at all times when operating the personal watercraft. An approved course of instruction includes an 8-hour classroom session and a proctored examination.
In order to operate a personal watercraft within New York, the operator must be a minimum of 14 years of age. Until January 1, 2009, however, individuals between the ages of 10 and 14 may be able to operate a personal watercraft provided they have an approved boating safety certificate and are accompanied by someone 18 years of age or older who is also the holder of a state approved boating safety certificate. See requirements for this exception in the 2007 New York State Boater's Guide.

Special Lamoka & Waneta Regulations

New York State Navigation Law 45aaaaaa – Special Provisions Relating to Noise and Speed on Lamoka and Waneta Lakes (Effective Date: November 16, 1991)

Below is a summary of the above mentioned law:

- No vessel shall be operated at a speed exceeding 45 mph. No vessel shall exceed 25 mph between the hours of ½ hour after sunset to ½ hour before sunrise.
- No vessel shall be operated within 200 feet of the shore, a dock, a pier, a raft or float, or anchored or moored vessel in a manner of speed that causes a wave that unreasonably interferes or endangers such, but in no event at a speed exceeding 5 mph.
- No person shall operate any pleasure vessel that exceeds a noise level of eighty-six (86) decibels, measured on a decibel meter gauged to an A-Weighted scale. Fines: First Offense - $25 - $100, Second Offense - $50 - $200.

All other operational rules apply. If you have any questions concerning the operation of your vessel, or someone else's operation of a vessel, please contact the County Sheriff's Department.

The Navigation Division Deputies hold several Young Boaters Safety Courses for youth between the ages of 10 and 16 in the spring and summer. If you have a child that wishes to take the course, please call the Sheriff's Department and leave your name and return phone number.
